Personalized Learning, Real-Time Progress

We believe that effective learning starts with a clear understanding of your needs. That's why every student begins with a free Spanish level assessment. This evaluation helps us pinpoint your current proficiency, allowing us to craft a tailored academic program specifically for you. We design your curriculum with your learning goals and desired study hours in mind, ensuring you'll see tangible progress in every single class.

Our classes are always one-on-one sessions with a live, experienced teacher, guaranteeing personalized feedback and ample opportunity to practice. Each session is a focused one-hour class, perfect for busy schedules.

How Our Online Program Works:

- Customized Curriculum: Your program is designed to meet your individual learning pace and objectives.
- Pre-Class Materials: Before each class, we'll send you PDF documents with the lesson materials so you can preview them and come prepared.
- Daily Homework: To reinforce your learning and ensure continuous improvement, we'll provide daily homework assignments.
- Flexible Scheduling: Our teachers are available from 8:00 AM to 9:00 PM Mexico City time, making it easy to find a slot that fits your schedule, wherever you are.
- Choose Your Pace: You can enroll for as little as 1 hour, or purchase packages of 10, 20, or 30 hours for a more cost-effective learning journey. The more hours you commit, the better the value!
